CCDO Advanced Demolition Operative (Topman) Refresher Course Details

The CCDO Advanced Demolition Operative (ADO) will have 5 years industry experience and be looking to move towards managing a small team.

The ADO qualification encompasses all of the roles of the Demolition Refurbishment Operative and also allows for the demolition of load-bearing walls and structures by hand. As well as significant on-the-job experience, a CCDO Advanced Demolition Operative will have skills training in a range of equipment to undertake demolition works by hand including Safe Oxygen/Fuel Cutting, Working At Height, working to method statements and pre-planned cutting sequences.

The Advanced Demolition Operative will be coordinated and supervised by either a CCDO Chargehand or CCDO Site Supervisor.

Course Pre-requisites:

Specialist Demolition Health, Safety and Environment Touch Screen Test

Level 2 Demolition and Refurbishment NVQ

Asbestos Awareness

Approved Asbestos Awarding Bodies (E-Learning certifications are not accepted)

NDTG

ACAD

ARCA

UKATA

IATP - *Demolition Specific course and certificate from the online generator only*

The Course Comprises:

Legislation

Hand Structural Demolition

Temporary Works

Hot Works

Confined Spaces

Behavioural Safety

Plant & Equipment

The CCDO Advanced Demolition Operative Red card is initially valid for 3 years to enable a period of getting the knowledge obtained to be put into practice. In order to qualify for the CCDO Advanced Demolition Operative Blue card, the operative must pass the relevant NVQ within a 3 year period.

Who should attend

 Candidates must have at least 5 years verifiable Demolition industry experience. Candidates are required to complete a current Demolition Specialist or above Health, Safety and Environment Test Pass and a Current Approved Asbestos Awareness certificate (not e-learning).

Course assessment and certification

CCDO card and certificate.
